

SUPER ROLLER + TRANSFER TAPE

Double Sided Tape System

Fantastak SuperRoller

The SuperRoller Dispenser & innovative tape cartridge refill system is the latest development in the application of double sided tapes.

Benefits of the SuperRoller:

- Lightweight (99gm) & Ergonomically balanced,shaped to fit the hand perfectly.
- Holds up to 75 meters of tape - less tape change frequency & more productivity
- The unique quick refill cartridge system means no messy tape threading or winding
- All plastics used are recyclable.

LONGER

75 metres of tape, giving you more tape for your money and less down time

STRONGER

High strength, permanent bonding across a wide range of substrates

EFFICIENT

Easy to use and reload - no threading required and no waste

ERGONOMIC

Innovative and lightweight design means it fits perfectly in your hand

Benefits of the Permanent Transfer tape:

- Permanent Acrylic adhesive with excellent initial tack & long life bond strength.
- Available in individual cartridges for quick easy refill of the SuperRoller
- Roll Size: **8.4 mm x 75 meters**
- Non toxic - safe to use contains no solvents or hazardous substances.
- PAT (Photographic Activity Test) approved to ISO 14523 - acid free & suitable for archival work & photographic applications.
- Very low stain - compared to other adhesive types.
- CE (European conformity) approved, meeting EN71 European Product Safety standards
- Clean easy application, without the mess of other adhesive products.

Refill Cartridge

Typical Applications:

- This permanent adhesive bonds to most materials such as metals, plastics, papers, cardboard & textiles.
- Used as a bonding, joining, securing method for brochures, point of sales material, posters & sample swatch assembly.
- Designed for gift wrapping, decoration & scrapbook assembly, also for various arts & crafts applications.
- Specially designed & approved for photographic attachment & archival work
- Ability to replace various mechanical fixing methods such as drawing pins, staples & clip systems, also messy liquid adhesives & glue sticks.
- Used by printing, picture framers & product assembly companies, at schools, offices and at home.
