

Washi Masking Tape Range

Adhesion Guide

KEY FEATURES & BENEFITS :

- 60 Days Exterior use (UV light & general weather conditions)
- Smooth release off the roll.
- Excellent for straight line masking, does not bow on application.
- Semi-Transparent allows a visual for full surface contact & avoids paint bleed.
- Ultra thin for razor sharp lines & no paint build up.
- Interior / Exterior multi surface use with clean removal (Acrylic Adhesive).
- Low / Medium adhesion suitable for most freshly painted surfaces at least 24 hours old.

(Surface testing recommended prior to application.)
